

WINE SPOTLIGHT

Craggy Range – New Zealand

Craggy Range is focused on becoming one of New Zealand's great wine producers backed by a long term commitment from the Peabody family.

The wines of Craggy Range are produced at two sites, the Gimblett Gravels Winery and Giants Winery harvested from vineyards in Hawke's Bay, Martinborough and Marlborough.

Most of the Craggy Range wines are made at our Gimblett Gravels Winery located in the heart of the Gimblett Gravels Winegrowing district in Hawke's Bay. Located there is an ancient river bed of the Ngaruroro River in Hawke's Bay. The Gimblett Gravels Vineyard, a place of warmth, stone and sandy alluvial soils offered an ideal location to produce high quality red wines including Syrah, Merlot and Cabernet Sauvignon.

They then took their search to Martinborough, and more particularly, a spectacular piece of farmland in Te Muna Road. With two distinct terraces, the higher comprising of very old rocky clay-infused soils perfect for Pinot Noir. The lower terrace of younger gravelly soils interleaved with limestone allowed for a unique style of aromatic, minerally Sauvignon Blanc. The Te Muna Road Vineyard is located some 7 kilometres outside of the Martinborough township.

The cooler climate of Martinborough ensures the wine is aromatic with steely minerality while the rocky soils give intensity of the fruit.

The New Zealand wine growing regions are temperate and maritime in climate and when combined with its youthful soils, the result is a wine growing environment totally different from any other. It offers the potential of making wines with freshness, purity and elegance; wines that are truly unique.

The region's warm, dry summers and mild winters have led to complex and structured wines with subtle aromatics and an elegant finish.

Please enjoy our special selection of wines from Craggy Range
